Server & Client-Side Scripting, Web App Development, Data-Driven Design, Web Coding

Work Experience

Sainsbury's (York, Monks Cross) | Part-Time Employment 2017 - 2018

As a customer assistant I worked with customers helping them with their shopping and help them navigate their way around the store trying to find the product they were looking for. I also helped with deliveries and transporting them to the warehouse. I also worked with placing the product on the shelves in the store for customers to pick out and purchase. This helped improve my team working and communication skills within a working environment.

Lyncean Media 2018 - Present

I created my own start-up social media agency last year where I set out to offer mentorship programs to students and business who were interested in gaining a social media audience and becoming capable of monetising their targeted audience. I also work with businesses and realtors in helping them use social media to capture and convert potential leads.

Additional Skills

- Adobe Creative Suite – Photoshop, Illustrator, In Design, Figma.
- Angular, HTML5, CSS/Bootstrap, JavaScript/Typescript, Reactive Programming, C#, SQL, PHP, JavaScript, jQuery, JSON, ASP.NET CORE, MVC, and Web API
- WordPress, Drupal CMS, MailChimp, Exact Target, Aweber, Benchmark
